

ECOMARK WHITE

PERFORMANCE

Our ECOMARK WHITE product is a screen printed silicone heat transfer which is slightly raised in its construction, soft and stretchable, whilst offering excellent resistance to excessive wear and tear. Due to our unique screen printing process, even the finest graphic detail will be clearly defined in any colour (dye-to-match) which in turn, produces a transfer free of any glue outline, offering a perfect tone-on-tone decoration.

FEATURES

- Fine and sharp graphic detail
- Halo free
- Extreme stretchability
- Soft and slightly raised print
- Excellent wash and abrasion resistance
- Multi colour design

FINISHING & OPTIONS

- Matt Gloss

DESIGN

Freestanding

Our comprehensive range of products/heat transfers, have been created to compliment a wide range of applications in the sports, fashion and workwear environments. They are fully compatible with the standard range of fabrics and garments most commonly utilised throughout these three key markets. We would however ask that for non-standard applications that the respective fabrics are made available for pre assessment.
